

# EERA JP e3s Knowledge Sharing Webinar on Energy Demand Reduction

## AGENDA

**Date:** Friday, 13 June 2025

**Location:** online on Microsoft Teams.

[REGISTER AND JOIN THE WEBINAR HERE](#)

Recognizing the cross-cutting relevance of JP e3s, this webinar is open to the entire EERA community and serves as a platform for knowledge exchange on a strategically important yet often underemphasized topic in European energy policy: **energy demand reduction**.

Organized within the framework of JP e3s Sub-Programme 1 "Fostering Changes in Energy Consumption: A Pathway to Demand Reduction" the session will feature insights from some JP e3s members who will present recent research work and findings in this critical area.

**13 JUNE 2025 | 13.00 – 14.00 CEST**

13.00 – 13.05	Welcome & introduction	<b>Mara Thiene</b> SP1 coordinator, <i>University of Padova</i>
13.05 – 13.15	Key insights from the upcoming JP e3s White Paper on Energy Demand Reduction	<b>Margherita Menon</b> JP e3s manager, <i>EERA</i>
13.15 – 13.30	Developing alternative pathways for a sustainable future	<b>Stephan Slingerland</b> Senior researcher, <i>TNO</i>
13.30 – 13.45	A dynamic model to investigate the success of EU policy efforts on energy demand reduction	<b>Guillermo Borragán</b> R&D and project manager, <i>VITO</i>
13.45 – 14.00	Q&A	<b>All</b>
End
